Thanks for recycling!

Why? Appliances and metal items are part of Allentown's recycling program. There has been a significant increase in the theft and scavenging of appliances, grills and other metal items and the lost recycling revenue affects everyone's annual trash & recycling fee. Therefore, **APPLIANCES & METAL ITEMS ARE NO LONGER COLLECTED ON YOUR RECYCLING NIGHT.** Please call in advance to schedule collection.

Call 911 if you see someone stealing appliances and metal items. Please provide the license plate number and vehicle description to the police and follow up with the Bureau of Recycling & Solid Waste.

Printed on recycled paper.
